

Global One Refinance Bonus Program

BENEFIT YOUR CLIENTS | INCREASE YOUR EARNINGS

Global One is excited to offer a powerful agent compensation initiative – the Refinance Bonus Program!

With this special bonus program, agents submitting life insurance premium financing loans for refinancing will be eligible for a 0.5% Bonus on the total refinanced loan amount. Participation in the Refinance Bonus Program will not impact the client's loan terms and conditions.

HOW IT WORKS

Refinance cases with a loan from another lender must be received by G1 in good order to be eligible for the bonus rate. For bonus program purposes, the refinanced loan amount does not include any loan facility for new premiums and must exceed \$1,000,000 of refinanced loan balance.

<i>Minimum Loan Amount</i>	<i>Bonus Percentage*</i>
\$1,000,000 +	0.5%

When you put a premium finance case in place for a client, it comes with a long-term service responsibility for ongoing performance monitoring designed to keep the plan on track and meeting objectives. G1's loan Refinance Bonus Program gives you the opportunity to do what you've been doing and earn additional compensation at the same time.

EXAMPLE

A refinanced loan amount of \$10,000,000 would pay the submitting agent a **\$50,000 bonus** upon closing of the loan under the Refinance Bonus rate.
